Wiggett Homes is the private residential development side of the business, providing beautiful homes to a range of people, including first time buyers, families, and down siziers. The sites we develop usually consist of between 10 - 100 homes, and at many sites local, natural

materials are used, to complement their surroundings. We design our developments with a neighbourhood feel in mind, as we know how important placemaking is to help you feel at home from the day you move in.

We strive to create well designed homes, that suit a range of needs, including the evolving lifestyles of the modern homeowner. It is important to us that the fixtures and fittings, craftsmanship and the materials used are always high quality.
